

Information Technology in Biomedicine 7th International Conference

June 17 - 19, 2019

Kamień Śląski, Poland

CALL FOR PAPERS

**We cordially invite you to participate in the 7th International Conference
on Information Technology in Biomedicine.**

Contributors from research centers and industry are welcome to present their original results at scientific sessions, posters, exhibits and unofficial meetings. The call for papers is to solicit papers for the oral and poster sessions which are designed to be highly interactive. You are invited to share your research achievements with the international community by submitting a paper

(up to 12 pages) in **December 15, 2018.**

For further information please consult our website

<http://itib.edu.pl/>

All previous conference proceedings appear in Science Citation Index by Thomson-Reuters.

Following our previous practice, the highest quality research contributions accepted for oral presentation will be evaluated by Program Committee and referred for publication in Special Issues of journals indexed in JCR.

Program Themes:

Image analysis
Signal processing
Biometrics
Bioinformatics
Biocybernetics and music
Artificial intelligence
Computer vision
Medical information systems
Computer assisted diagnosis, therapy and rehabilitation
Data acquisition, medical devices, instrumentation and measurement
Image guided surgery
Computer assisted anthropology
Telemedicine
Active and assisted living
Database and data warehouses
E-health

Timetable:

Full papers due December 15, 2018
Acceptance notification January 10, 2019
Revised papers submission January 31, 2019
Final acceptance notification February 15, 2019
Final camera-ready papers February 25, 2019
Presenting Authors payment February 25, 2019
Early payment March 15, 2019
Late payment April 30, 2019

Special Sessions:

We encourage to submit topics and short descriptions for the Special sessions or Workshops.

Perspective organizers of Special Sessions or Workshops are invited to submit the proposals no later than November 15, 2018.

Perspective organizers of Special Sessions or Workshops are invited to submit the proposals no later than November 15, 2018.

Please contact the conference office.
